

The Official Isc 2 Guide To The Ccsp Cbk

In the mid-1980s, a need for a standardized, vendor-neutral certification program for information security professionals was identified. In November 1988, the Data Processing Management Association's Special Interest Group for Computer Security (SIG-CS) brought together several organizations to form a consortium to address this need. This led to the formation of ISC2 in mid-1989 as a non-profit organization. 23e04e1e75 == History == 23e04e1e75

ISC2 Certified Cloud Security Professional (CCSP): International Information System Security Certification Consortium, or ISC2, is a non-profit organization which specializes in training and professional certifications for cybersecurity professionals. the seven CBK domains, such as Access Controls, Security Operations and Administration, and Cryptography 23e04e1e75

The first working committee to establish a Common Body of Knowledge (CBK) was formed in 1990, and the first version of the CBK was finalized in 1992. This work laid the foundation for the organization's first certification, the Certified Information Systems Security Professional (CISSP), which was launched in 1994. 23e04e1e75 The organization continued to expand its certification offerings over the years: 23e04e1e75
