

Lewis And Mizen Monetary Economics

Economic effects of Brexit It is likely to produce a large decline in immigration from countries in the European Economic Area (EEA) to the UK, and poses challenges for British higher education and academic research. "Rising Brexit uncertainty has reduced investment and employment". The majority of economists believe that Brexit has harmed the UK's economy and reduced its real per capita income in the long term, and the referendum itself damaged the economy. Retrieved The economic effects of Brexit were a major area of debate during and after the referendum on UK membership of the European Union. org.
