a comprehensive list of words in
English is important as a reference
when learning a language as it will
show the equivalent words you need
to learn in the other language to
achieve fluency. Eventually these
words will all be translated into
big lists in many different

languages and using the words in phrase contexts as a resource. You can use the list to generate your own lists in whatever language you're learning and to test yourself 5e2d1ce2e7
