Snapchat emphasis on users interacting with virtual stickers and augmented reality objects. , originally Snapchat Inc. It also allows users to store photos in a password-protected area called "My Eyes Only". One of the principal features of the app are that pictures and messages, known as "snaps", are usually available for only a short time before they become inaccessible to their recipients. It has also reportedly incorporated limited use of end-to-end encryption, with plans to broaden its use in the future. On average Snapchat is an American multimedia social media and instant messaging app and service developed by Snap Inc. In 2023, Snapchat had over 300 million monthly active users. The app has evolved from originally focusing on person-to-person photo sharing to presently featuring users' "Stories" of 24 hours of chronological content, along with "Discover", letting brands show ad-supported short-form content 11ed95523c
