Demonology Depending on context, it can refer to studies within theology, religious doctrine, or occultism. 184 at Internet Demonology is the study of demons within religious belief and myth. Demons may be nonhuman separable souls, or discarnate spirits which have never inhabited a body. In many faiths, it concerns the study of a hierarchy of demons. A sharp distinction is often drawn between these two classes, notably by the Melanesians, several African groups, and others. The Islamic jinn, for example, are not reducible to modified human souls. g. At the same time these classes are frequently conceived as producing identical results, e. diseases.
