The result was Redirect to Hypnotherapy in childbirth with possibility for merging in info there. Black Kite 10:21, 24 August 2008 (UTC)[reply] 48224953c8 The most common childbirth method worldwide is vaginal delivery. It involves four stages of labour: the shortening and opening of the cervix during the first stage, descent and birth of the baby during the second, the delivery of the placenta during the third, and the recovery of the mother and infant during the fourth stage, which is referred to as the postpartum. The first stage... 48224953c8

Doula and Postpartum Professional Association (CAPPA), DONA International, Hypnobirthing, International Childbirth Education Association (ICEA), and ProDoula A doula (; from Ancient Greek δούλα 'female slave'; Greek pronunciation: [ˈðula]) is a non-medical professional who provides guidance for the service of others and who supports another person (the doula's client) through a significant health-related experience, such as childbirth, miscarriage, induced abortion or stillbirth, as well as non-reproductive experiences such as dying. A doula might also provide support to the client's partner, family, and friends 48224953c8
