People diagnosed with the disorder are said to be lively, dramatic, vivacious, enthusiastic, extroverted, and flirtatious.). Belmont, CA: Thomas Wadsworth cc0690bf84

Pantothenic acid is the combination of pantoic acid and β -alanine. Its name comes from the Greek πάντοθεν pantothen, meaning "from everywhere", because pantothenic acid, at least in small amounts, is in almost all foods. Deficiency of pantothenic acid is very rare in humans. In dietary supplements and animal feed, the form commonly used is calcium pantothenate, because chemically it is more stable, and hence makes for longer product shelf-life, than sodium pantothenate and free pantothenic acid. cc0690bf84
