The book is inspired by the battle of Alesia, where the Gaulish warrior chief Vercingetorix surrendered to Julius Caesar. However, only the very end of the actual battle appears in the book – the main plot concerns what happened after the battle. The story introduces Chief Whosemoralsarelastix, the chief of a neighboring Gaulish village: a miser who often does business with the Romans. When the Romans levy new taxes, Whosemoralsarelastix asks the people of Asterix's village to guard a cauldron full of sesterii, ostensibly to keep the money away from the imminent visit of the Roman tax collectors. Despite Asterix keeping watch, the cauldron is stolen during the night, whereupon the strict laws of the Gauls demand that Asterix be banished until he has atoned for his negligence. Obelix immediately "banishes" himself to accompany Asterix, until they find money to refill the cauldron and repay Whosemoralsarelastix.

Gaius Veriambitius, his centurion, hopes to share in the glory of Olympic victory. While training in the forest, Gluteus Maximus encounters Asterix and Obelix, who unintentionally outdo him at running, then javelin and boxing, thanks to the power of the magic potion. Demoralised, he consigns himself to sweeping the Roman camp instead of training. When Veriambitius asks Vitalstatistix that Gluteus Maximus be left alone, Vitalstatistix decides the Gauls should enter the Olympic Games as well.
