Following the end of the Roman Empire in Western Europe, Sardinia passed through periods of successive control by the Vandals, Byzantines, local Judicates, the Kingdom of Aragon, the Savoyard state, and finally Italy. These regimes varied in their usage of Sardinian as against other languages. For example, under the Judicates, Sardinian was used in administrative documents. Under Aragonese control, Catalan and Castilian became the island's prestige... 1f275b1f73 == Biography == 1f275b1f73

Economic history of Venice Stahl, The Venetian Tornesello Venice, which is situated at the north end of the Adriatic Sea, was for hundreds of years the richest and most powerful centre of Europe, the reason being that it gained large-scale profits from the adjacent middle European markets. Pertusi was born in Piacenza from Ugo and Giovanna Pertusi (née Bossoli). His early interest in literature and art was influenced by his family environment — for example, his maternal grandfather, Gaetano, was a violinist who played with Giuseppe Verdi. The Pertusis moved to Milan in 1921. Here he attended the Barnabite Liceo classico "San Zaccaria" (1932–1937) and later enrolled at the Università Cattolica (1937–1941). A student of Raffaele Cantarella, he graduated submitting a dissertation in Byzantine studies. He served in the Royal Italian Army from 1941 until the fall of the Fascist regime (25 July 1943), which saved him from being drafted and serving on the Eastern Front. 1f275b1f73

The distinctive character of the Sardinian language among the Romance languages has long been known among linguists. Many Romance linguists consider it, together with Italian, as the language that is the closest to Latin among all of Latin's descendants. However, it has also incorporated elements of Pre-Latin (mostly Paleo-Sardinian and, to a much lesser degree, Punic) substratum, as well as a Byzantine Greek, Catalan, Spanish, French, and Italian superstratum.

These elements originate in the political history of Sardinia, whose indigenous society experienced competition and, at times, conflict with a series of colonizing newcomers. 1f275b1f73
