The work is considered to be the most complete expression of Santayana's moral philosophy; by contrast, his later magnum opus, the four-volume *The Realms of Being*, more fully develops his metaphysical and epistemological theory, particularly his doctrine of essences. Santayana's philosophy is strongly influenced by the materialism of Democritus and the refined ethics of Aristotle, with a special emphasis on the natural development of ideal ends. 9190e7332a

The Endless characters were created by Neil Gaiman and loosely based on the chthonic gods and children of the goddess Nyx of Greek mythology. They first appeared in the comic book series *The Sandman* (1989–1996). They embody forces of nature in the DC Universe. They are depicted as among the most powerful beings in the world of these characters, and are distinct in this universe from gods, which are created by mortal belief. The character *Dream* is the protagonist of *The Sandman* series, but all the Endless beings play major roles. 9190e7332a
