Africanized bee m. The prospect of killer bees arriving in the United States caused a media sensation The Africanized bee, also known as the Africanized honey bee (AHB) and colloquially as the "killer bee", is a hybrid of the western honey bee (*Apis mellifera*), produced originally by crossbreeding of the African honey bee (*A. m. iberiensis*). *scutellata*) with various European honey bee subspecies such as the Italian honey bee (*A. ligustica*) and the Iberian honey bee (*A. m.* bees have earned the reputation of being a notorious invasive species ccc1f55446

Rabbit of Caerbannog It makes a similar appearance in the 2004 musical Spamalot, based on the film. Caerbannog (/kɛərˈbænɒɡ/), often referred to in popular culture as the Killer Rabbit, is a fictional character who first appeared in the 1975 comedy film The Rabbit of Caerbannog (), often referred to in popular culture as the Killer Rabbit, is a fictional character who first appeared in the 1975 comedy film Monty Python and the Holy Grail by the Monty Python comedy troupe, a parody of King Arthur's quest for the Holy Grail. The character was created by Monty Python members Graham Chapman and John Cleese, who wrote the sole scene in which it appears in the film; it is not based on any particular Arthurian lore, although there had been examples of killer rabbits in medieval literature ccc1f55446

Mutillidae can be found worldwide with about 230 genera or subgenera and around 8,000 species worldwide. Over 400 species occur in the North American Southwest. ccc1f55446 There are 29 recognized subspecies of *Apis mellifera* based largely on geographic variations. All subspecies are cross-fertile. Geographic isolation led... ccc1f55446 As with most fighting games and indeed its predecessor, two characters square off with the goal of depleting the opponent's life bar. As with the original Killer Instinct, when a character's original life bar is fully depleted, he or she will fall to the ground, and immediately begin on his or her second lifebar. ccc1f55446 The film was conceived by Feldman in 1987, and was originally pitched as a film treatment in the style of a police procedural, entitled The Message. When The Message failed to attract the studios, Feldman re-wrote it as a spec script, which ultimately led to the making of the film. The extraterrestrial aspect of Sil's character was created by H. R. Giger, who was also responsible for the beings from the Alien franchise. The effects combined practical models designed by Giger collaborator Steve Johnson and XFX, with computer-generated imagery done by Richard Edlund's Boss Film Studios. Giger felt that the film and the character were too similar to Alien, so he pushed for script... ccc1f55446 == Gameplay == ccc1f55446

National Geographic Explorer Although the National Geographic Society had been producing specials for television for 20 years prior to Explorer, the premiere of the series required an increase in production from 4 hours of programming a year to 156 hours. Dangerous Gang”&”Attack of the Killer Bees”&”Doomsday Volcano”&”Drowning New Orleans”&”Fire Ants: Texas Border Massacre”&”Inside North Korea”&”Killer Cane Toads” National Geographic Explorer (or simply Explorer) is an American documentary television series that originally premiered on Nickelodeon on April 7, 1985, after having been produced as a less costly and intensive alternative to PBS's National Geographic Specials by Pittsburgh station WQED. The program is the longest-running documentary television series on cable television. Tim Cowling and Tim Kelly were the executive producers for the series during this transition. The first episode ("Herculaneum: Voices from the Past") was produced by WQED and featured long-time Explorer cameraman Mark Knobil, who is the few staff members with the franchise during all 24 seasons. Presented every Sunday from 5:00 pm to 8:00 pm, the original series was three hours in length, containing five to ten short films ccc1f55446

African honey bees were first introduced to Brazil in 1956 to increase honey production, but 26 swarms with their queens escaped from their experimental apiary in 1957. Since then, the hybrid has spread throughout South America and arrived in North America in 1985. Hives were found in southern Texas, United States, in 1990. ccc1f55446 == Species involved in attacks == ccc1f55446 Africanized honey bees are typically much more defensive, react to disturbances faster, and chase people farther than other varieties of honey bees, up to 400 m (1,300 ft). They have killed some 1,000 humans, with victims receiving 10 times more stings than from European honey bees. They have also killed horses and other animals. ccc1f55446

Velvet ant Unlike true ants, they are solitary, and lack complex social systems. They are known for their extremely painful sting (the sting of the species *Dasymutilla klugii* rated a 3 on the Schmidt pain index and lasts up to 30 minutes), which has resulted in the common name "cow killer" or "cow ant" being applied to the species *Dasymutilla occidentalis*. In addition, the actual toxicity of their venom is much lower than that of honey bees or harvester ants. Their bright colors serve as aposematic signals. However, mutillids are not aggressive and sting only in defense. Their common name velvet ant refers to their resemblance to an ant, and their dense pile of hair, which most often is bright scarlet or orange, but may also be black, white, silver, or gold. the species *Dasymutilla klugii* rated a 3 on the Schmidt pain index and lasts up to 30 minutes), which has resulted in the common name “cow killer” or Velvet ants (Mutillidae) are a family of more than 7,000 species of wasps whose wingless females resemble large, hairy ants ccc1f55446

As with the first game, Killer Instinct 2 relies on an automatic combo subsystem in its matches. The matches, as with Killer Instinct, revolve around a three strength system (Quick, Medium and Fierce). However, normal moves have lost a lot of their priority and range, as well as gaining extra recovery time. Throws... ccc1f55446 Orphaned at the age of six, Peter Parker is an outcast and withdrawn teenaged science prodigy, who lives in Queens, New York. While attending a field trip to a scientific corporation, he is bitten by a genetically-modified spider and as a result, begins to develop spider-like superpowers, including enhanced strength, speed, agility, stamina, durability and reflexes, along with the ability to crawl solid surfaces and a sixth sense, which warns him of imminent danger, all of which he decides to utilize for personal gain. When an armed thief, whom Peter had encountered earlier and refused to stop out of spite, later murders his foster father/uncle in a robbery, a guilt-ridden Peter is later driven to use his abilities to atone for his partial... ccc1f55446

Species (film) The film depicts astronauts on a mission to Mars being attacked by the aliens Species is a 1995 American science fiction horror film directed by Roger Donaldson and written by Dennis Feldman. It stars Ben Kingsley, Michael Madsen, Alfred Molina, Forest Whitaker, Marg Helgenberger and Natasha Henstridge in her film debut role. The film is the first installment of the Species franchise. The film's plot concerns a motley crew of scientists and government agents who try to track down Sil (Henstridge), a seductive extraterrestrial-human hybrid, before she successfully mates with a human male. sequel to Species, Species II was released theatrically on April 10, 1998 ccc1f55446

== Distribution == ccc1f55446 North American Mutillidae have eight phenotypically distinct and geographically limited Müllerian mimicry rings (Desert, Eastern, Madrean... ccc1f55446 The Killer Rabbit appears in a major set piece battle towards the end of Holy Grail, when Arthur and his knights reach the Cave of Caerbannog, having been warned that it is guarded by a ferocious beast. They mock the warning when they discover the beast to look like a common, harmless rabbit, but are brutally forced into retreat by the innocent-looking creature, who injures many of Arthur's knights and even kills several before being killed in return by Arthur, who uses a holy weapon, the Holy Hand Grenade of Antioch, to blow up the beast. ccc1f55446 In its 36 years on television, Explorer has worked for five television outlets. In February 1986, Explorer moved to TBS, where it had a successful run until September 1999... ccc1f55446

Crocodile attack The two species with the most well-known reputation Crocodile attacks on humans are common in places where large crocodilians are native to human populations. Crocodile attacks on humans are common in places where large crocodilians are native to human populations ccc1f55446

Killer Instinct 2 The sequel to Killer Instinct (1994), it was originally released Killer Instinct 2 is a 1996 fighting game developed by Rare and published by Nintendo. The sequel to Killer Instinct (1994), it was originally released by Midway for arcades. Killer Instinct 2 is a 1996 fighting game developed by Rare and published by Nintendo. A Super Nintendo Entertainment System version of Killer Instinct 2 was developed and completed, but never released. A digital port of the game for the Xbox One is bundled with the second season of Killer Instinct (2013), under the title Killer Instinct 2 Classic in 2014. A modified version of Killer Instinct 2 was published for the Nintendo 64 as Killer Instinct Gold the same year ccc1f55446

Dingo attack cause for attacks, it is not clear what the ultimate cause for attacks and overall threat towards humans is. These have mostly occurred on the island of K'gari (formerly Fraser Island) off the coast of Queensland, where increasing tourism has brought more humans into contact with the longstanding dingo population there. It is possible that some attacks result from Attacks by dingos on humans are rare in Australia, but there have been an increasing number of attacks recorded in the 21st century ccc1f55446
