History of theatre The history of theatre is primarily concerned with the origin and subsequent development of the theatre as an autonomous activity. Archived from the original on 25 June 2020. "Minstrels in Spanish Churches, 1400-1600". Kenneth Kreitner (November 1992). Retrieved 24 July 2013. While performative elements are present in every society, it is customary to acknowledge a distinction between theatre as an art form and entertainment, and theatrical or performative elements in other activities. Early Music The history of theatre charts the development of theatre over the past 2,500 years. Since classical Athens in the 5th century BC, vibrant traditions of theatre have flourished in cultures across the world c4ab734ecc
