Byomkesh identifies himself as Satyanweshi meaning 'truth seeker' rather than a detective. He stands out from other legendary detectives like Poirot or Holmes because he is more concerned with truth than with law as evidenced from his cases where he lets the perpetrator die by manipulating the circumstances using their own methods as a redemption and deliverance of justice for the victim in absence of evidence as in Balak Jasoos, Ret Ka Daldal, and a few other cases. 5389cfec3 Sometimes, a Silly Song is introduced with a static picture of Larry. Then, an unseen narrator, sometimes Archibald, says the following: "And now it's time for Silly Songs with Larry, the part of the show where Larry comes out and sings a silly song." However, this format is used loosely; sometimes, it is renamed, adapted to the context of the episode, or eschewed altogether.
