They find themselves trapped in a sinking whirlpool of sand, finally the dust settles, they looked in awe at a vast chamber, filled with giant relics and artifacts from another civilization, there come across a far end of the cavern a door with a strange inscription in an ancient ruin that turns out to be a portal through time as the narrator said "All who enter into these portals passed through time". He translated the New Testament, the Pentateuch, and produced a now lost translation of the historical books of the Old Testament. Of these, the Pentateuch, the Book of Jonah, and a revised version of the Book of Genesis were all published during his lifetime. His other Old Testament works were used in the creation of the Matthew Bible. The remaining books of the Old Testament were translated by the English ecclesiastical reformer Myles Coverdale. He supplemented Tyndale's translations with his own to produce the first complete printed Bible in English in 1535. f31e51a5a1

Easter parade The Easter parade is most closely associated with Fifth Avenue in New York City, but Easter parades are held in many other cities. Persons participating in an Easter parade traditionally dress in new and fashionable clothing, particularly ladies' hats, and strive to impress others with their finery. Easter processions or parades, often including special dress, have been part of Christian culture since its earliest beginnings. Typically, it is a somewhat informal and unorganized event, with or without religious significance. The Bible records The Easter parade is an American cultural event consisting of a festive strolling procession on Easter Sunday. Its popularity has

declined significantly, drawing only 30,000 people in 2008. Starting as a spontaneous event in the 1870s, the New York parade became increasingly popular into the mid-20th century—in 1947, it was estimated to draw over a million people. 2008 f31e51a5a1
