209eb2dc13 Semde texts are mostly said to be translations by figures of the early transmission (7th–9th centuries) of Buddhism to Tibet like Śrī Siṅgha, Vairotsana and Vimalamitra. These texts emphasize the "awakened mind" (Tibetan: byang-chub-kyi sems, Skt. bodhicitta), which is the true nature of the mind and is essentially pure and perfect, just like Buddhahood. Semde texts critique tantric practice...

209eb2dc13 Many Americans believe in a social class system that has three different groups or classes: the American rich (upper class), the American middle class, and the American poor. More complex models propose as many as a dozen class levels, including levels such as high upper class, upper class, upper middle class, middle class, lower middle class, working class, and lower class, while others disagree with the American construct of social class completely. Most definitions of a class structure group its members according to wealth, income, education...
