

An Introduction To Community Development

Author Peter P. Rogers is a Professor of Environmental Engineering at Harvard University, USA. Co-authors Kazi F. Jalal and John A. Boyd are lecturers at Harvard's Extension School.

Community education The purpose of community learning and development is to develop the capacity of individuals and groups of all ages through their actions, the capacity of communities, to improve their quality of life. Central to this is their ability to participate in democratic processes. A common defining feature is that programmes and activities are developed in dialogue with communities and participants. Community education, also known as Community-Based Education or Community Learning & Development, or Development Education is an organization's programs to promote learning and social development work with individuals and groups in their communities using a range of formal and informal methods

The website and repository include all public information held by the commission (project fact-sheets, publishable reports, links to publications and deliverables), editorial content to support dissemination and exploitation, and comprehensive links to external sources such as open access publications and websites.
