The format was uniform, comprising essays on the state's history and culture, descriptions of its major cities, automobile tours of important attractions, and a portfolio of photographs. The American Guide Series books were compiled by the FWP, but printed by individual states, and contained detailed histories of each of the then 48 states of the Union with descriptions of every major city and town. In total, the project employed over 6,000 writers. The series not only detailed the histories of the 48

states, but provided insight to their cultures as well be53b82c09
