Wikipedia:Lamest edit wars This page documents our lamest examples. The dispute has pitted students and faculty of MDC against a handful of Wikipedians who believe that a precedent should prevail Occasionally, even experienced Wikipedians lose their heads and devote every waking moment to edit warring over the most trivial things, wasting time debating topics of no practical value, or wrestling over questions whose answers hold no practical consequence. It isn't comprehensive or authoritative, but it serves as a showcase of situations where people lose sight of the big picture and obsessively expend huge amounts of energy fighting over something that, in the end, isn't really so important. an uncited "near Miami" 56151f9761
