The book was likely written in Biblical Hebrew during the Persian period (c. 550–330 BCE). It narrates the story of Ruth, a Moabite, who follows her Judean mother-in-law, Naomi, returning to her family's ancestral town of Bethlehem, after the deaths of their husbands. Ruth's loyalty to Naomi leads to Ruth's marriage to Boaz, the family's Judahite kinsman. The two produce a son, Obed, who becomes the grandfather of Israel's King David. a033b61427 The union may negotiate with a single employer (who is typically representing a company's shareholders) or may negotiate with a group of businesses, depending on the country, to reach an industry-wide agreement. The naked option is one of riskiest options strategies, and therefore most brokers restrict them to only those traders that have the highest options level approval and have a margin account. Naked options are attractive because the seller receives the premium cost of the option without buying a corresponding position to hedge against potential losses. In the case of a naked put, the seller hopes that the underlying equity or stock price stays the same or rises. In the case of a naked call, the seller hopes that the underlying equity or stock price stays the same or drops. And the seller's odds of retaining the premium at expiration increase the further the naked option is out... a033b61427
