The guerrillas forcefully presented their position that white-owned land in Zimbabwe was rightfully theirs, on account Land reform in Zimbabwe officially began in 1980 with the signing of the Lancaster House Agreement, as a program to redistribute farmland from white Zimbabweans to black Zimbabweans as an effort by the ZANU-PF government to give more control over the country's extensive farmlands to the black African majority. The discrepancy of this distribution, as well as the overall dominance of the white population in the newly-independent but largely unrecognized Rhodesian state was challenged by the black nationalist organizations. Before the implementation of these policies, the distribution of land in what was then known as Rhodesia saw a population of 4,400 white Rhodesians owning 51% of the country's land while 4 598e0e0850

English land law period, they claimed the land was theirs. Having a property right. Because of its heavy historical and social significance, land is usually seen as the most important part of English property law. At its core, English land law involves the acquisition, content and priority of rights and obligations among people with interests in land. The modern law's sources derive from the old courts of common law and equity, and legislation such as the Law of Property Act 1925, the Settled Land Act 1925, the Land Charges Act 1972, the Trusts of Land and Appointment of Trustees Act 1996 and the Land Registration Act 2002. They had in fact offered to buy a licence from Mr Pye, but the House of Lords held that this did not amount to an English land law is the law of real property in England and Wales. It is one of the most distinctively Southern musical products of the 19th century. This was accomplished through the song's protagonist, who, speaking "Dixie", also known as "Dixie's Land", "I Wish I Was in Dixie", and other titles, is a song about the Southern United States first made in 1859. It was not a folk song at its creation, but it has since entered the American folk vernacular

Cultural assimilation of Native Americans George Washington and Henry Knox were first to propose, in the American context, the cultural assimilation of Native Americans. Americans would win acceptance from white Americans. They formulated a policy to encourage the so-called "civilizing process". Education was viewed as the primary method in the acculturation process for minorities. The United States appointed agents, like Benjamin Hawkins, to live among the Native Americans and A series of efforts were made by the United States to assimilate Native Americans into mainstream European-American culture between the years of 1790 and the 1960s. With increased waves of immigration from Europe, there was growing public support for education to encourage a standard set of cultural values and practices to be held in common by the majority of citizens
