Social justice In the current movements for social

justice, the emphasis has been on the breaking of barriers for social mobility, the creation of safety nets, and economic justice. The relevant institutions often include taxation, social insurance, public health, public school, public services, labor. In Western and Asian cultures, the concept of social justice has often referred to the process of ensuring that individuals fulfill their societal roles and receive their due from society. Social justice is justice in relation to the distribution of wealth, opportunities, and privileges within a society where individuals' rights are recognized. Social justice is justice in relation to the distribution of wealth, opportunities, and privileges within a society where individuals' rights are recognized and protected. Social justice assigns rights and duties in the institutions of society, which enables people to receive the basic benefits and burdens of cooperation.

Justice of the peace A justice of the peace (JP) is a judicial officer of a lower court, elected or appointed by means of a commission (letters patent) to keep the peace. In A justice of the peace (JP) is a judicial officer of a lower court, elected or appointed by means of a commission (letters patent) to keep the peace. Justices of the peace are appointed or elected from the citizens of the jurisdiction in which they serve, and are (or

were) usually not required to have any formal legal education in order to qualify for the office. In past centuries the term commissioner of the peace was often used with the same meaning. Some jurisdictions have varying forms of training for JPs. Depending on the jurisdiction, such justices dispense summary justice or merely deal with local administrative applications in common law jurisdictions a81e4f73eb
