The development of the Mustang began in 2009 under the direction of the chief engineer Dave Pericak and exterior design director Joel Piaskowski. In 2010, design management selected an exterior design theme proposal by Kemal Curić. After four years of development, Ford debuted the Mustang at numerous online media events in December 2013, preceding its public unveiling at the Detroit Auto Show in January 2014. Official manufacture of the sixth generation of the Mustang began at the facility in Flat Rock, Michigan, in August 2014. The car was available as both a coupe and a convertible. 2f9fe4c79c

Car makers frequently arbitrage markets, setting the price according to local market conditions so the same vehicle will have different real prices in different territories. Grey import vehicles circumvent this profit-maximization strategy. Car makers and local distributors sometimes regard grey imports as a threat to their network of franchised dealerships, but independent distributors do not since more cars of an odd brand bring in money from service and spare parts. 2f9fe4c79c
