Semiosis is any activity, conduct, or process that involves signs. Signs often are communicated by verbal language, but also by gestures, or by other forms of language, e.g. artistic ones (music, painting, sculpture, etc.). Contemporary semiotics is a branch of science that generally studies meaning-making (whether communicated or not) and various types of knowledge. 5ea5fea69f

Walter Hartwig graduated summa cum laude in anthropology at the University of Missouri in 1986. He undertook graduate work in biological anthropology under the late Francis Clark Howell at the University of California at Berkeley in 1986, where he developed an interest in South American monkeys. 5ea5fea69f
