aspect of language education, as it
directly impacts reading
comprehension, expressive and
receptive language skills, and academic
achievement A vocabulary (also known
as a lexicon) is a set of words, typically

natural language exposure, but it can
also shrink due to forgetting, trauma, or

disease. Vocabulary can be oral, written, or signed and can be categorized into two main types: active vocabulary (words one uses regularly) and passive vocabulary (words one recognizes but does not use often). The word vocabulary originated from the Latin vocabulum, meaning "a word, name". Furthermore, vocabulary is a significant focus of study. It forms an essential component of language and communication, helping convey thoughts, ideas, emotions, and information c758bab8dc
