Burning Man fellowship organized by Law and Mikel, based on
Evans's and Grauberger's ideas and Harvey's and
James's symbolic man. The event's name comes from its ceremony
on the penultimate night of the event: the symbolic burning of a large
wooden effigy, referred to as the Man, the Saturday evening before Labor
Day. According to Burning Man co-founder Larry Harvey in 2004, the event

is guided by ten stated principles: radical inclusion, gifting, commodification, radical self-reliance, radical self-expression, communal effort, civic responsibility, leaving no trace, participation, and immediacy. Drawing on experience in the sign Burning Man is a week-long large-scale desert event focused on "community, art, self-expression, and self-reliance" held annually in the Western United States. Since 1990, the event has been at Black Rock City in northwestern Nevada, a temporary city erected in the Black Rock Desert about 100 miles (160 km) north-northeast of Reno
