After building a profile with a Meta login or cell phone number, users can swipe yes (right) or no (left) on potential romantic matches. On Tinder, users "swipe right" to like or "swipe left" to dislike other users' profiles, which include their photos, a short bio, and some of their interests. Tinder uses a "double opt-in" system, also called "matching", where two users must like each other before they can exchange messages. Chatting on Tinder is only available between two users who have swiped right on one another's profiles. The selections a user makes are not known to other users unless two users swipe right on each other's profiles. Once the user has matches, they can send personal photos, called "Tinder... 5a233a2992
