Dungeons & Dragons controversies By the 4th Edition, Chult was struck with The role-playing game Dungeons & Dragons (D&D), which receives significant attention in the media and in popular culture, has been the subject of numerous controversies. Some controversies concern the game and its alleged impact on those who play it, while others concern business issues at the game's original publisher, TSR. Because the term D&D may be mistakenly used to refer to all types of role-playing games, some controversies regarding D&D mistakenly pertain to role-playing games in general, or to the literary genre of fantasy. The game is now owned by Wizards of the Coast. The game sometimes received unfavorable coverage, especially during its early years in the early 1980s. described in this 2nd Edition book as a rival to "some of the most 'civilized' population centers in Faerun"
