The landfill opened in 1948, intended to be temporary, but by 1955 had become the largest in the world, and it remained so until its closure in 2001. At the peak of its operation, in 1986, Fresh Kills received 29,000 short tons (26,000 t) of residential waste per day, playing a key part in the New York City waste management system. From 1991 until its closing, it was the only landfill to accept New York City's residential waste. It consists of four mounds that range in height from 90 to about 225 feet (30 to about 70 m) and hold about 150 million short tons (140×10<sup>6</sup> t) of solid waste. The archaeologist Martin Jones characterizes it as "among the largest man-made structures in the history of the world."

I Am Bread puts the player in control of a slice of bread. The aim of each level is to turn the bread into toast. If the bread, before becoming toast, touches certain objects (e.g. the floor, water, or ants), it will get dirty and the "edibility" meter will go down. To control the bread the player must use the arrow keys or an analog stick. The levels are based on the seven days of the week. 159880debe Goldmine magazine described it as, "satisfying, entertaining, whimsical, important and makes one realize there ain't never gonna be anyone like him ever again." Relix called it "The most significant new release from stalwart Bay Area singer/songwriter Country Joe McDonald in a good many years," and added that "McDonald is still an affecting deliverer of songs." 159880debe Captain Anthony Nelson is orbiting the earth in a NASA rocket. When his final stage misfires, his one-man capsule, Stardust One, is unable to maintain orbit and he falls to earth near a desert island in the South Pacific. There, while gathering items on the beach to form a giant "S.O.S." in the sand, he finds an ancient bottle that seems to move on its own. When he opens it, smoke pours out, and a beautiful 2000-year-old genie appears. Dressed in harem clothing and speaking in Persian (in the unaired version of the episode, first words to him are translated on screen as, "Your wish is my command, Master"), she kisses him. At first shocked, Capt. Nelson realizes she's a genie, and that she has the power to get him off the island. But the language barrier hinders their communication. Frustrated, Tony idly wishes she could speak English, whereupon she begins speaking in English... 159880debe Cole (age 36) and Walker (age 30) were both sanitation workers in Memphis, Tennessee. Both reported for work on February 1, 1968, a day the rain would be later reported as torrential, overflowing the sewers and flooding the streets. While on shift, at around 4:20 pm, the pair sought refuge in the back of their truck during a rainstorm. A malfunction followed, and both men were crushed to death by the truck's garbage compactor. Their coworker Elester Gregory, who had been riding in the cab of the truck, said "The motor started racing and the driver stopped and ran around... 159880debe

This truck configuration is currently common among European and Asian truck manufacturers. European regulations set restrictions for both the total length and the length of the load area, which allow a cab length of 2.35 m (7 ft 8+1/2 in) in combination with the maximum load area length. This allows a sleeper cab with a narrow bunk, or a bonneted (hooded) day cab. Nonetheless, no manufacturer in Europe produces such day cabs with bonnets. The last manufacturer of a conventional truck in Europe, Scania, stopped production in 2005 due to a decline in sales to less than 1000 units worldwide, with European sales declining by 50% and sales in South America by 90%, within one decade. In addition, Asian regulations are typically stricter, and the relatively shorter journey distances allow trucks to forgo sleepers... 159880debe By November 2021, the manga had over 8.3 million copies in circulation.
