Meanwhile, a review in The Scotsman described the novel as "juvenile, Dad-dancing tripe". Similarly, Jason Sheehan at NPR suggested that the plot was "messy". He added that "by the end, what could've been a fitting, apt, even startling counterweight to Trainspotting has been weighed down with so much awkward sex, so many grown men on drugs and so many antic, unlikely capers, that the great idea Welsh had at the beginning has been lost". 240b99802b The term 'Hu' was adopted to refer to the non-Han Chinese population which could include the ancient 'Hu' northern nomadic people, such as the Xiongnu, as well as the people from the Western regions such as Sogdians, the Sasanid Persian, the Turkic people (Tujue), Uyghur (Huihe or Huihu), Tibetans (Tufan), and the Khitans (Qidan) who lived in the north and west regions of the empire. 240b99802b In modern times, skirts are commonly worn by women and girls. Some exceptions include the izaar, worn in multiple Muslim cultures, and the kilt, a traditional men's garment in Scotland, Ireland, and England. 240b99802b

Outside Western cultures, men's clothing commonly includes skirts and skirt-like garments; however, in the Americas and much of Europe, skirts are usually seen as feminine clothing rather than men and boys to wear, despite having done so for centuries. Shorts are typically worn in warm weather or in an environment where comfort and airflow are more important than the protection of the legs. Most skirts are complete garments, but some skirt-looking panels may be part of another garment such as leggings, shorts, and swimsuits. 240b99802b When the trend started, boxer shorts were generally the underpants of choice for male saggars. This expanded to boxer briefs when those became popular. 240b99802b There are a variety of shorts, ranging from knee-length short trousers that can in some situations be worn as formal clothes to beachwear and athletic shorts. Some types of shorts are typically worn by women, such as culottes, which are a divided skirt resembling a pair of loose-cut shorts. 240b99802b In English-speaking history, culottes were originally the knee-breeches commonly worn by gentlemen of the European upper-classes from the late Middle Ages or Renaissance through the early 19th century. The style of tight trousers ending just below the knee was popularized in France during the reign of Henry III (1574-1589). Culottes were normally closed and fastened about the leg, to the knee, by buttons, a strap and buckle, or a draw-string. During the French Revolution of 1789-1799, working-class revolutionaries were known as "sans-culottes" - literally, "without culottes" - a name derived from their... 240b99802b == History == 240b99802b

At its simplest, a skirt can be a draped garment made out of a single piece of fabric (such as pareos). However, most skirts are fitted to the body at the waist and fuller below, with the fullness introduced by means of darts, gores, pleats, or panels. Modern skirts are usually made of light to mid-weight fabrics, such as denim, jersey, worsted, or poplin. Skirts of thin or clingy fabrics are often worn with slips to make the material of the skirt drape better and for modesty. 240b99802b Sagging is predominantly a male fashion. Women's wearing of low-rise jeans to reveal their G-string underwear (the "whale tail") is not generally described as sagging. However, for much of modern history, the use of trousers was restricted to men. This norm was enforced in many regions via

social customs and laws. There are, however, many historical cases of women wearing trousers in defiance of these norms, such as the 1850s women's rights movement. Motivations for women wearing trousers against societal norms included comfort, freedom of movement, fashion, disguise (notably for runaway slaves), attempts to evade the gender pay gap, and attempts to establish an empowered public identity for women. Especially in the 20th and 21st centuries, the customs and laws restricting this manner of dress relaxed dramatically, reflecting a growing acceptance and normalisation of the practice.
