Philosophy of psychedelics These Philosophy of psychedelics is the philosophical investigation of the psychedelic experience. Traditional cultures who use psychedelic substances such as the Amazonian and Indigenous Mexican peoples hold that ingesting medicinal plants such as Ayahuasca and Peyote allows one to commune with the beings of the spirit world. Experience: A Manual Based on The Tibetan Book of the Dead compared the psychedelic experiences to eastern philosophy and mystical states of consciousness. While psychedelic, entheogenic or hallucinogenic substances have been used by many traditional cultures throughout history mostly for religious purposes, recorded philosophical speculation and analysis of these substances, their phenomenological effects and the relevance of these altered states of consciousness to philosophical questions is a relatively late phenomenon in the history of philosophy 260d7e441d
