Transfer pricing The OECD and World Bank recommend intragroup pricing rules based on the arm's-length principle, and 19 of the 20 members of the G20 have adopted similar measures through bilateral treaties and domestic legislation, regulations, or administrative practice. Because of the potential for cross-border controlled transactions to distort taxable income, tax authorities in many countries can adjust intragroup transfer prices that differ from what would have been charged by unrelated enterprises dealing at arm's length (the arm's-length principle). Countries with transfer pricing legislation generally follow the OECD Transfer Pricing Guidelines for Multinational. believe that multinational corporations do not maintain an advantage over independent corporations operating within a similar business sphere is to ignore Transfer pricing refers to the rules and methods for pricing transactions within and between enterprises under common ownership or control 220d2f9e97
