Moving panorama It became a new visual element to theatre and helped incorporate a more realistic quality by creating the illusion of movement with a scrolling mechanism. In Philadelphia in 1811 nearly 1,300 The moving panorama was an innovation on panoramic painting in the mid-nineteenth century. It was among the most popular forms of entertainment in the world, with hundreds of panoramas constantly on tour in the United Kingdom, the United States, and many European countries. panorama of the nineteenth century. Moving panoramas were often seen in melodramatic plays. Moving panoramas (or sometimes moving dioramas) often recreated grand ceremonies. Not only was it a special effect on stage, but it also served as an ancestor and platform to early cinema

Bernie Krause science commissioned primarily by museums, aquaria, and zoos for their dioramas and sound installations worldwide - have been mixed into ambient tracks Bernard L. Krause is an author, a bio-acoustician, a speaker, and natural sound artist who coined the terms geophony, biophony, and anthropophony. In 1968, he founded Wild Sanctuary, an organization dedicated to the recording and archiving of natural soundscapes. Krause (born December 8, 1938) is an American musician and soundscape ecologist

Located close to City Hall, the museum was designed in 1965 by Herbert Henry Gatenby Moody of Moody and Moore. Including its Planetarium and Science Gallery exhibit, the museum focuses on collecting, researching, and sharing Manitoba's human and natural heritage, culture, and environment. The museum originated from a museum established by the Geological Survey of Canada in 1856. Initially based in Montreal, the museum relocated to downtown Ottawa in 1881. In 1911, the museum relocated to the Victoria Memorial Museum Building. Initially, a natural history museum, the institution later expanded to include an anthropology and... The German resistance in the eastern Carpathian region was much stronger than expected. The battle which began on 8 September would not see the Soviet forces on the other side of the pass until 6 October, and German forces would...

Gustaf Kolthoff He worked as a curator of the museum at Uppsala and set up a private museum where he is credited with the creation of the first naturalistic dioramas which became a popular format in European natural history museums. The use of dioramas in natural Gustaf Isak Kolthoff (14 December 1845 - 25 October 1913) was a Swedish ornithologist, taxidermist and naturalist. Here he made dioramas depicting the Swedish coast, a boreal forest and other habitats. the backgrounds) and Carl Bovallius

Battle of the Dukla Pass armchairgeneral. The operation's primary goal, to provide support for the Slovak rebellion, was not achieved, but it concluded the full liberation of the Ukrainian SSR. com/maps/1944SW/1UF/CZ/38A_Dukla_s04_Sept27_Nov8_44. It was part of the Soviet East Carpathian strategic offensive that also included the Carpathian-Uzhgorod offensive. gif Diorama painting and Google Earth view of the pass Description of PL-SK border The Battle of the Dukla Pass, also known as the Dukla, Carpatho-Dukla, Rzeszów-Dukla, or Dukla-Prešov offensive, was the battle for control over the Dukla Pass on the border between Poland and Slovakia on the Eastern Front of World War II between Nazi Germany and the Soviet Union in September-October 1944

The Hudson's Bay Company donated its historic three-centuries-old collection (and supporting funds) to the museum in 1994, becoming the largest corporate donation ever received by the museum. The Institute for Stained Glass in Canada has documented the stained glass at the museum. 7be6e3270b

Franklin's lost expedition The survivors, now led by Franklin's second-in. Franklin's lost expedition was a failed British voyage of Arctic exploration led by Captain Sir John Franklin that departed England in 1845 aboard two ships, HMS Erebus and HMS Terror, and was assigned to traverse the last unnavigated sections of the Northwest Passage in the Canadian Arctic and to record magnetic data to help determine whether a better understanding could aid navigation. After being icebound for more than a year, Erebus and Terror were abandoned in April 1848, by which point two dozen men, including Franklin, had died. The expedition met with disaster after both ships and their crews, a total of 129 officers and men, became icebound in Victoria Strait near King William Island in what is today the Canadian territory of Nunavut 7be6e3270b
