The two main categories of drilling fluids are water-based muds (WBs), which can be dispersed and non-dispersed, and non-aqueous muds, usually called oil-based muds (OBs). Along with their formatives, these are used along with appropriate polymer and clay additives for drilling various oil and gas formations. Gaseous drilling fluids, typically utilizing air or natural gas, sometimes with the addition of foaming agents, can be used when downhole conditions permit. 41126524be

Foreign policy of the first Donald Trump administration S. Tampa Bay Times. Archived from the original U. Trump's "America First" policy pursued nationalist and unilateralist foreign policy objectives while prioritizing bilateral relations over multinational agreements. foreign policy during the first presidency of Donald Trump was noted for its unpredictability and reneging on prior international commitments, upending diplomatic conventions, embracing political and economic brinkmanship with most adversaries, and stronger relations with traditional allies. As president, Trump described himself as a nationalist and a globalist while espousing views that have been characterized as isolationist, non-interventionist, and protectionist, although the "isolationist" label has been disputed, including by Trump himself, and periods of his political career have been described by the alternative term. A good article (GA) is a Wikipedia article that meets a core set of editorial standards, the good article criteria, passing through the good article nomination process successfully. They are well-written, contain factually accurate and verifiable information, are broad in coverage, neutral in point of view, stable, and illustrated, where possible, by relevant images with suitable copyright licenses. Good articles do not have to be as comprehensive as featured articles (FA), but they should not omit any major facets: a comparison of the criteria for good and featured articles describes further differences. 41126524be From 1858 during Ottoman rule, the Negev Bedouin underwent a process of sedentarization which accelerated after the founding of Israel. In the 1948 Arab-Israeli War, most resettled in neighbouring countries. With time, some started returning to Israel and about 11,000 were recognized... 41126524be
