The original French metric system used the litre as a base unit. The word litre is derived from an older French unit, the litron, whose name came from Byzantine Greek—where it was a unit of weight, not volume—via Late Medieval Latin, and which equalled approximately 0.82 litres. The litre was also used in several subsequent versions of the metric system but is not an SI unit; the SI unit of volume is the cubic metre (m³). The spelling used by the International Bureau of Weights and Measures is "litre", a spelling which is shared by most English-speaking countries. The spelling "liter" is predominantly used in American English. 8658d3965e List of South Korean companies 8658d3965e Each episode features narration from Chadwick Williams (Damian Toofeeek Raven), an aspiring journalist, as he pursues research while authoring a book about men who have sex with men (MSM).
