Abitur Education (VCE); in New South Wales it is called the Higher Schools Certificate (HSC). In India various states name it differently. Each Indian state has its Abitur (German pronunciation: [abiˈtuːr]), often shortened colloquially to Abi, is a qualification granted at the end of secondary education in Germany. It is conferred on students who pass their final exams at the end of ISCED 3, usually after twelve or thirteen years of schooling (see also, for Germany, Abitur after twelve years). In German, the term Abitur has roots in the older word Abiturium meaning "Leave (Graduation) exam/diploma", which in turn was derived from the Latin abiturus (future active participle of abire, thus "someone who is going to leave") 3e777129c2
