The gameplay is similar to the 1987 release Pirates!, by the same developer, Sid Meier, in that the gameplay is made up of several self-directed, distinct, and unique modes of play. During the course of a game, the player will be tasked with installing wiretaps, infiltrating enemy safehouses, intercepting and decoding secret messages and interrogating prisoners. The plots are randomly generated each game, which enhances replayability. The plot was based on the experiences of former CIA agent Philip Agee who initiated a lawsuit with the producers over his fees and expenses. The DO "serves as the clandestine arm of the Central Intelligence Agency (CIA) and the national authority for the coordination, de-confliction, and evaluation of clandestine operations across the Intelligence Community of the United States". The primary goal of each mission is to uncover details about a criminal

August "Auggie" Anderson, a blind tech operative, is Annie's guide in her new life. In the beginning, Annie's cover story is that she works in Acquisitions at the Smithsonian Museum but she is later let go. As of the fourth season, her new cover is that of a glamorous and well-connected importer/exporter, with expensive tastes and dealings that may not always be legal. The series traces Annie's evolution from a wide-eyed young operative who fetches coffee for her co-workers to a hardened spy who does not balk at enhanced interrogation. This change in tone is also seen in the opening credits, which used chick lit-style graphics in the early seasons. The cartoons, like the focus on Annie's home life with her sister, were gone in the fourth and fifth seasons. 579030a071 Covert Action (film), a 1978 film directed by Romolo Guerrieri 579030a071
