

Reteaching Activity Chapter 8

The approaches for teaching can be broadly classified into teacher-centered and student-centered, but in practice teachers will often adapt instruction by moving back and forth between these methodologies depending on learner prior knowledge, learner expertise, and the desired learning objectives. In a teacher-centered... 9bf8395c82

Teaching method These strategies are determined partly by the subject matter to be taught, partly by the relative expertise of the learners, and partly by constraints caused by the learning environment. For a particular teaching method to be appropriate and efficient it has to take into account the learner, the nature of the subject matter, and the type of learning it is supposed to bring about. While under-researched, both student and teacher explanations A teaching method is a set of principles and methods used by teachers to enable student learning. misconceptions in understanding the material, and lead to student discussion then reteaching if required 9bf8395c82
