It is unclear what the earliest play-by mail game is between chess and Go. Diplomacy was first played by mail in 1963. In the early 1970s, in the United States, Rick Loomis of Flying Buffalo Inc, began a number of play-by-mail games; this included games such as Nuclear Destruction (1970). This marked the beginning of the professional PBM industry. Other publishers followed suit, with significant expansion across the industry in the 1980s. This supported the publication of a number of newsletters from

individual play-by-mail companies as well as independent publications... Arithmetic systems can be distinguished based on the type of numbers they operate on. Integer arithmetic is about calculations with positive and negative integers. Rational number arithmetic involves operations on fractions of integers. Real number arithmetic is about calculations with real numbers, which include both rational and irrational numbers. Monty Python's Flying Circus was loosely structured as a sketch show, but its innovative stream-of-consciousness approach and Gilliam's animation skills pushed the boundaries of what was...
