Drawing up a comprehensive list
of words in English is important
as a reference when learning a
language as it will show the
equivalent words you need to
learn in the other language to
achieve fluency. A big list will
constantly show you what words
you don't know and what you
need to work on and is useful for
testing yourself. You can use the
list to generate your own lists in
whatever language you're

learning and to test yourself.
Eventually these words will all be
translated into big lists in many
different languages and using the
words in phrase contexts as a
