However commonwealth countries did make their own unique weapons like the Owen gun and Vickers–Berthier. OCLC 12519792. This also would largely apply to Commonwealth of Nations countries in World War II like Australia, India and South Africa as the majority of their equipment would have been British as they were at that time part of the British Empire 86cf6a9ac4

Although adequate against light tanks... 86cf6a9ac4

Besa machine gun Although it required a rather large opening in the tank's armour, it was reliable. Although British forces used the. 37 in the Czechoslovak army). 303 in rimmed round for rifles and machine The Besa machine gun was a British version of the Czechoslovak ZB-53 air-cooled, belt-fed machine gun (called the TK vz 86cf6a9ac4

The British Army is the principal land warfare force of the United Kingdom, a part of British Armed Forces. Since the end of the Cold War, the British Army has been deployed to a number of conflict zones, often as part of an expeditionary force, a coalition force or part of a United Nations peacekeeping operation. 86cf6a9ac4 There were three main versions of the Boys: an early model (Mark I) which had a circular muzzle brake and T-shaped monopod, built primarily at BSA in England; a later model (Mk I*) built primarily at the John Inglis and Company in Toronto, Canada, that had a rectangular muzzle brake and a V-shaped bipod; and a third model made for airborne forces with a 30-inch (762 mm) barrel and no muzzle brake. There were also different cartridges, with a later version offering better penetration. 86cf6a9ac4 The name came from the Birmingham Small Arms Company (BSA), who signed an agreement with Československá zbrojovka to manufacture the gun in the UK. The War Office ordered the weapon in 1938 and production began in 1939, after modifications. 86cf6a9ac4
