Wikipedia:Reference desk/Archives/Science/November 2005 just done more damage to your DNA in your cells in sixty seconds of cellular respiration due to mutations and free radicals produced during metabolism than 8d4af17234

Medicine Medicine encompasses a variety of health care practices evolved to maintain and restore health by the prevention and treatment of illness. Contemporary medicine applies biomedical sciences, biomedical research, genetics, and medical technology to diagnose, treat, and prevent injury and disease, typically through pharmaceuticals or surgery, but also through therapies as diverse as psychotherapy, external splints and traction, medical devices, biologics, and ionizing radiation, amongst others. signs including height, weight, body temperature, blood pressure, pulse, respiration rate, and hemoglobin oxygen saturation It is to likely focus on areas Medicine is the science and practice of caring for patients, managing the diagnosis, prognosis, prevention, treatment, palliation of their injury or disease, and promoting their health 8d4af17234

Oxygen therapy It may also be prophylactically given to maintain blood oxygen levels during the induction of anesthesia. Oxygen therapy is often useful in chronic hypoxemia caused by conditions such as severe COPD or cystic fibrosis. Oxygen can be delivered via nasal cannula, face mask, or endotracheal intubation at normal atmospheric pressure, or in a hyperbaric chamber. bypassing the airway, such as in ECMO therapy. Acute indications for therapy include hypoxemia (low blood oxygen levels), carbon monoxide toxicity and cluster headache. It can also be given through bypassing the airway, such as in ECMO therapy. Supplemental oxygen can also refer to the use of oxygen enriched air at altitude. However, excessively high concentrations can result in oxygen Oxygen therapy, also referred to as supplemental oxygen, is the use of oxygen as medical treatment. Oxygen is required for normal cellular metabolism 8d4af17234

January–March 2023 in science (17 January 2023). "Brief structured respiration practices enhance mood and reduce physiological arousal". Cell Reports This article lists a number

of significant events in science that have occurred in the first quarter of 2023. Spiegel, David; Huberman, Andrew D 8d4af17234

January–March 2020 in science parasite that lives in salmon muscle, has lost its ability for oxygen-respiration and thereby also shows that evolution can lead to abandonment of useful This article lists a number of significant events in science that have occurred in the first quarter of 2020 8d4af17234

Wikipedia:Language learning centre/Word list You can use the list to generate your own lists in whatever language you're learning and to test yourself. Eventually these words will all be translated into big lists in many different languages and using the words in phrase contexts as a resource. A big list will constantly show you what words you don't know and what you need to work on and is useful for testing yourself. warbled warbler warblers warbles warbling ward warded warden wardens warder warders warding wardrobe wardrobes wards wardship ware warehouse warehoused warehouseman Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the equivalent words you need to learn in the other language to achieve fluency 8d4af17234
