South African law of agency It is the agent's position as the principal's authorised representative in affecting the principal's legal relations with third parties that is the essence of agency. First Re-issue vol 17 § 16; Wanda (De Wet) "Agency" LAWSA 2 ed vol 1 § 199 n4; De Villiers & Macintosh Agency 615-634. Kerr states that, in legal contexts, the word "agent" is most commonly used of a person whose activities are concerned with the formation, variation or termination of contractual obligations, and that agency has a corresponding meaning. See also The Firs Investment Ltd The law of agency in South Africa regulates the performance of a juristic act on behalf or in the name of one person ("the principal") by another ("the agent"), who is authorised by the principal to act, with the result that a legal tie (*vinculum juris*) arises between the principal and a third party, which creates, alters or discharges legal relations between the principal and a third party c07a5dbd6e
