Women's history to the Twentieth Century (1997) Lorina Repina, "Gender studies in Russian historiography in the nineteen-nineties and early twenty-first century. Inherent in the study of women's history is the belief that more traditional recordings of history have minimised or ignored the contributions of women to different fields and the effect that historical events had on women as a whole; in this respect, women's history is often a form of historical revisionism, seeking to challenge or expand the traditional historical consensus. " Historical Women's history is the study of the role that women have played in history and the methods required to do so. It includes the study of

the history of the growth of women's rights throughout recorded history, personal achievements over a period of time, the examination of individual and groups of women of historical significance, and the effect that historical events have had on women 0f3bf53226
