American Revolution enliven history, social studies, geography, civics, and other subjects Ben Franklin's World, podcast on early America, sponsored by the Colonial Williamsburg The American Revolution (1765–1783) was a colonial rebellion and war of independence in which the Thirteen Colonies broke from British rule to form the United States of America. The leaders of the American Revolution were colonial separatists who, as British subjects, initially sought greater autonomy. The Second Continental Congress, which represented the colonies and convened in the present-day Independence Hall in Philadelphia, established the Continental Army and appointed George Washington as its commander. The revolutionary era reached its zenith with the American Revolutionary War, which commenced on April 19, 1775, with the Battles of Lexington and Concord. However, they came to embrace the cause of full independence and the necessity of prevailing in the Revolutionary War to obtain it

A world government with executive, legislative, and judicial functions and an administrative apparatus has never existed. The inception of the United Nations (UN) in the mid-20th century remains the closest approximation to a world government, as it is by far the largest and most powerful international institution. The UN is mostly limited to an advisory role, with the stated purpose of fostering cooperation between existing national governments, rather than exerting authority over them. Nevertheless, the organization is commonly viewed as either a model...
