In many cases, the objective of project management is also to shape or reform the client's brief to feasibly address the client's objectives. Once the client's objectives are established, they should influence all decisions made by other people involved in the project- for... b586de9c17 January 4 > b586de9c17

Project management ISBN 978-1118510186. Archived from Project management is the process of supervising the work of a team to achieve all project goals within the given constraints. The primary constraints are scope, time and budget. The secondary challenge is to optimize the allocation of necessary inputs and apply them to meet predefined objectives. OCLC 834624541.
