Abdominal aortic aneurysm Rupture may result in pain in the abdomen or back, low blood pressure, or loss of consciousness, and often results in death. An AAA usually causes no symptoms, except during rupture. potential index (RPI); a finite element analysis rupture index (FEARI); biomechanical factors coupled with computer analysis; growth of ILT; geometrical Abdominal aortic aneurysm (AAA) is a localized enlargement of the abdominal aorta such that the diameter is greater than 3 cm or more than 50% larger than normal. Occasionally, abdominal, back, or leg pain may occur. Large aneurysms can sometimes be felt by pushing on the abdomen 186ba053b5

2017 in paleontology Gee; William Paleontology or palaeontology is the study of prehistoric life forms on Earth through the examination of plant and animal fossils. Because humans have encountered fossils for millennia, paleontology has a long history both before and after becoming formalized as a science. 12605. This article records significant discoveries and events related to paleontology that occurred or were published in the year 2017. PMC 5442151. Single-walled carbon nanotubes (SWCNTs) have diameters around 0.5–2.0 nanometres, about 100,000 times smaller than the width of a human hair. Hi all - I request opinions on this article, which I strongly suspect is largely a cut-paste job of portions of Indian mathematics. A clear effort is being made to separate ancient history between the present territorial boundaries of Pakistan and India and this violating WP:POINT, WP:NPOV and WP:OR - [1]. I b... 186ba053b5

Multi-walled carbon nanotubes (MWCNTs) consist of nested single-wall carbon nanotubes in a nested, tube-in-tube structure. Double- and triple-walled carbon nanotubes are special cases of MWCNT. 186ba053b5 Indo-Aryan migration into the region, from Central Asia, is considered to have started after 2000 BCE as a slow diffusion during the Late Harappan period and led to a language shift in the northern Indian subcontinent. Several hundred years later, the Iranian languages were brought into the Iranian plateau by the Iranians, who were closely related to the Indo-Aryans. 186ba053b5 The result was Delete. POV fork.
