Gemelli's Institute of Psychology was the most prominent institution of its kind in Italy. In 1959 he founded a teaching hospital for the Medical School of the university, located in Rome, the Agostino Gemelli University Polyclinic, which is now named after him. He has become criticized in historical analyses for some racist statements leading up to the Second World War and his intense support for Benito Mussolini. He focused some of his research on the psychology of the workplace. b347fc3ba8 == Life == b347fc3ba8

Bartolomeo Maggi Francesco in Bologna, in his book ‘I dottori bolognesi di Teologia, Filosofia, Medicina e d’Arti liberali. Dall’anno 1000 per tutto Marzo del 1623’. His work was published posthumously by his brother Giovanni Battista. Apparently Bartolomeo Maggi (Latinized as Bartholomeus Maggius) (August 1477 – 7 April 1552) was an Italian military surgeon who spent several years of his life on the battlefields treating, soothing, and healing the most desperate wounds. The experience he gained in this field lead him to write a work on surgeries in wartime De Vulnerum Sclopetorum, et Bombardarum Curatione Tractatus (1552) which was the first to deal with gunshot wounds. The Latin term Vulnus sclopetarium referring to gunshot wounds was first used by him b347fc3ba8

Author of about a hundred scientific publications on the relationship between aesthetics and literature, as well as on the relationship between aesthetics and the visual arts, with an emphasis on modern and contemporary culture, and on topics such as the image, representation, the art/life nexus, memory and the notion of testimony. b347fc3ba8 == Career == b347fc3ba8 == Early life and education == b347fc3ba8 Pagnini is the editor of Philosophical Inquiries. b347fc3ba8

Tommaso Campailla "Tommaso Campailla and Tommaso Campailla (7 April 1668 – 7 February 1740) was an Italian philosopher, physician, politician and poet. Giornale Critico della Filosofia Italiana. ".

Maatouk, Ismaël (2013). 88: 25–40. Campailla: Rencontre infructueuse ou influence probable b347fc3ba8

He was a member of the International Collegium Politicum, of the Accademia napoletana di scienze morali, and of the Istituto Lombardo-Accademia di Scienze e Lettere. b347fc3ba8 Whatever I've done, it's been conceived within women's relations, in presence of women's bodies and in the flowing of awakened women's emotions. b347fc3ba8 Elena Brambilla was born in Milan, 29 July 1942. She was the daughter of Franca Brambilla Ageno. Brambilla specialized in modern history, graduating in 1967 University of Milan. b347fc3ba8

Luciana Percovich This publication (Le Streghe siamo noi. popular. She has been defined as "a traveller between worlds and a weaver of space-time connections", whose "far-reaching vision combines a project of individual knowledge with a collective cultural and political commitment". Il ruolo della medicina nella repressione della donna, 1977) marked her first editorial experience as chief Luciana Percovich (born 25 July 1947) is an Italian non-fiction writer, a teacher, a translator and director of a series of books on women's history and spirituality b347fc3ba8

His family belonged to the local nobility. At sixteen he was sent to Catania to study law. He employed his leisure hours in the study of literature, philosophy, science, astronomy, and physics. He studied both neo-Scholastic and Cartesian philosophy, and adopted a mechanical view of the universe. b347fc3ba8 After the death of his father, Campailla devoted himself to the natural sciences, and to medicine. He practised medicine successfully and taught local physicians. Following a syphilis epidemic that slaughtered the city in the early 18th century, Campailla devoted himself to a systematic search for chemical substances which would cure the infectious disease. In 1698 he introduced fumigation stoves known as botti (barrels), within which patients were suffumigated with cinnabar and incense which were inhaled and absorbed by the sick. In addition to syphilis they were also used to cure tuberculosis. Through this practice, but also thanks to the success of some works on fevers and a treatise on physiology influenced... b347fc3ba8

Agostino Gemelli actively engaging the laity in the mission of the church. Rivista di filosofia neoscolastica (1908) La lotta contro Lourdes (1911), a book in which he Agostino Gemelli, , (18 January 1878 – 15 July 1959) was an Italian Franciscan friar, physician and psychologist, who was also the founder and first rector of the Università Cattolica del Sacro Cuore (Catholic University of the Sacred Heart) of Milan b347fc3ba8
