Texas Department of Public Safety The DPS is responsible for statewide law enforcement and driver license administration. Also participating in the Texas Fusion Center The Department of Public Safety of the State of Texas, commonly known as the Texas Department of Public Safety (DPS), is a department of the state government of Texas. However, under state law, the Governor of Texas may assume command of the department during a public disaster, riot, insurrection, formation of a dangerous resistance to enforcement of law, or to perform his constitutional duty to enforce law. Fusion Center personnel include non-commissioned analytical experts and a small number of commissioned officers. The commission's five members are appointed by the governor and confirmed by the Texas Senate, to serve without pay for staggered, six-year terms. The Public Safety Commission oversees the DPS. The commission formulates plans and policies for enforcing criminal, traffic and safety laws, preventing and 28eb4527d4

Legal scholars have expanded the basic rule of law concept to encompass, first and foremost, a requirement that laws apply equally to everyone. "Formalists" add that the laws must be stable, accessible and clear. More recently, "substantivists" expand the concept to include rights, such as human rights, and... 28eb4527d4

Military science Military scientists include theorists, researchers, experimental scientists, applied scientists, designers, engineers, test technicians, and other military personnel.), "Dynamic Intersection of Military and Society", Handbook of Military Sciences, Cham: Springer International Military science is the study of military processes, institutions, and behavior, along with the study of warfare, and the theory and application of organized coercive force. It is mainly focused on theory, method, and practice of producing military capability in a manner consistent with national defense policy. (2020), Sookermany, Anders (ed. Shields, Patricia M. Military science serves to identify the strategic, political, economic, psychological, social, operational, technological, and tactical elements necessary to sustain relative advantage of military force; and to increase the likelihood and favorable outcomes of victory in peace or during a war 28eb4527d4

Military sociology 1186/s13034-019-0287-y Military sociology is a subfield within sociology.

Wright Mills's summons to connect the individual world to broader social structures. doi:10. risk factor for children's mental health: a meta-analytical review". Child and Adolescent Psychiatry and Mental Health. Military sociology also concerns civil-military relations and interactions between other groups or governmental agencies. Military sociology aims toward the systematic study of the military as a social group rather than as a military organization. This highly specialized sub-discipline examines issues related to service personnel as a distinct group with coerced collective action based on shared interests linked to survival in vocation and combat, with purposes and values that are more defined and narrow than within civil society. It corresponds closely to C. 13 (1): 26 28eb4527d4

Russian scientists who developed the nerve agents claim they are the deadliest ever made, with some variants possibly five to eight times more potent than VX, and others up to ten times more potent than soman.
