The method has since been used in many parts of the world, in public and private schools... ad5bfdac54 The main approaches to gifted education are enrichment and acceleration. An enrichment program teaches additional, deeper material, but keeps the student progressing through the curriculum at the same rate as other students. For example, after the gifted students have completed the normal work in the curriculum, an enrichment program might provide them with additional information about a subject. An acceleration program advances the student through the standard curriculum faster than normal. This is normally done by having the students skip one to two grades. ad5bfdac54
