Begging the question Retrieved 17 March 2023. Historically, begging the question refers to a fault in a dialectical argument in which the speaker assumes some premise that has not been demonstrated to be true. Liberman, Mark (29 April 2010). This makes it an example of circular reasoning. "Begging the question": we have answers. In modern usage, it has come to refer to an argument in which the premises assume the conclusion without supporting it. Language Log In classical rhetoric and logic, begging the question or assuming the conclusion (Latin: *petitiō principii*) is an informal fallacy that occurs when an argument's premises assume the truth of the conclusion.
